

## The Bike Rack Offers Winter Bike Storage

Has this happened to you before? It's March and the temperature hits 70 degrees. You think to yourself, "what a great day it would be to ride my bike." But alas, your bike is buried somewhere in your place (or worse yet, it was left outside), the tires are flat, the chain is rusted and the gears won't shift. **The Bike Rack has two cost-effective ways to keep your bike ready for the Spring:**

**Don't let this happen to you!**

**STORE IT:** For **\$29.99**, let us store your bike for the winter in our secure, indoor parking facility.

**TUNE IT & STORE IT:** For **\$49.99**, we'll perform a basic tune-up on your bike, and then store it for the winter in our secure, indoor parking facility. This will ensure that your bike is ready to ride. The combined package is a **savings of \$10** off the cost of a basic tune-up.

The best part is that you'll have access to your bike (during normal business hours) should you desire to take a ride on that first great day. To take advantage of this offer, visit The Bike Rack anytime during our normal business hours. Our hours are Monday through Friday from 6:30AM to 6:30PM.
